Attendance – Home Visits

Home visits may be carried out where:

- No reason has been provided for absence.
- Students have not returned to school on a Monday if they were absent the previous Friday.
- If you have provided a reason for your child's absence, you may get a home visit on the 2nd or 3rd day of absence.
- Staff must see a student in person who is away from school for 3+ consecutive days regardless of whether contact has been made between home and school.
- Courtesy visits if your child has been absent due to long illness.

On each occasion attendance staff will request to see your child where possible.
